

## KEEPING MY BODY TO MYSELF

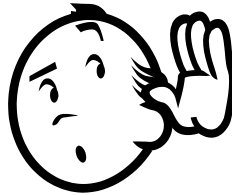

Sometimes, when my teacher is reading or teaching, all the students sit on the floor together.

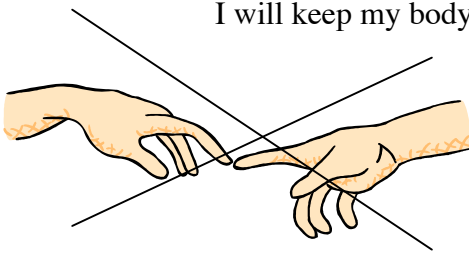

Sometimes we walk in the halls together.

It distracts my teacher and bothers the students if I touch others while we are listening or walking in the halls.

I will keep my body to myself while I am learning.

I will not kiss my friends or my teachers at school.

It bothers people and spreads germs, which can make us sick.

I can ask my teacher for a hug when I do a good job or when I say goodbye.
